2. [] [] NIA, dropped by to discuss written material proposed to be furnished to the House Committee on Un-American Activities on standards used by security evaluators in NSA. The fact of [] was already known to HCUA in view of answers to questions by three evaluators who referred to the standards of the Directive in their answers. This was cleared by DOD without concurrence from CIA. Nevertheless, in the new material, references to [] were deleted and the standards were merely referred to as USIB standards.
